

SJ Inno Tech printers are available with many tooling options. These include:

- ◆ Standard Support Tooling, supplied as standard with all system purchases and included in the purchase price
- ◆ Grid-Lok Tooling, which can be supplied at an additional cost
- ◆ Vacuum Tooling, which can be supplied at an additional cost
- ◆ Customer manufactured dedicated tooling, which can be obtained from local tooling supplier

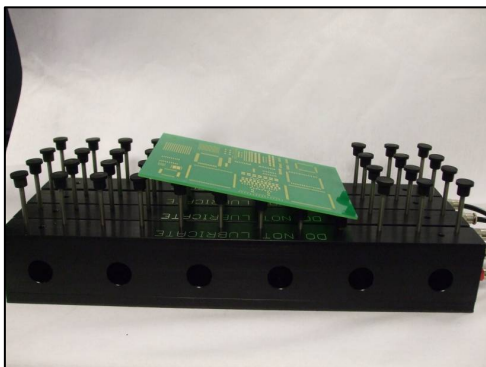

Whatever your tooling requirements, the SJ Inno Tech range of Stencil Printers can meet your needs

SUPPORT TOOLING

- ◆ Support block and pin combination
- ◆ Dedicated tooling blocks

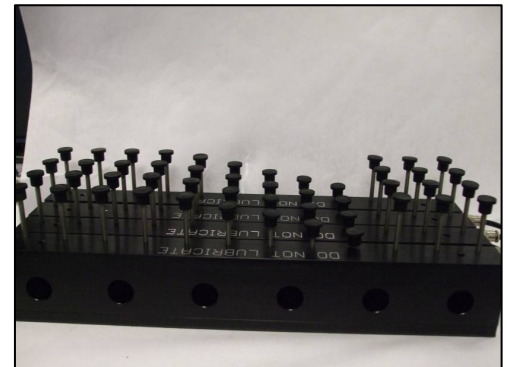

Grid-Lok tooling compatible for the SJ Inno Tech HP-520 and HP-620 screen printers.

Pin Height Setting

- ◆ Simple Method of Control
- ◆ Simple Load Pattern
- ◆ Easily Fitted and Removed
- ◆ Only Requires Air During Height Setting

Grid-Lok Systems for 74mm tooling height applications
